

September 21, Chengdu
Western Chemical Technology and Equipment Fair

2026 Chengdu International Chemical Technology and Equipment Fair

September 21–23, 2026

Chengdu Century City New International
Convention and Exhibition Center

www.cd.ctef.net

Organizer

– Zhenwei International Exhibition Group

Supporting Organizations

- Sichuan Provincial Chemical Industry Association
- Sichuan Provincial Valve Industry Association
- Sichuan Provincial Door Industry Association
- Chengdu Environmental Protection Industry Association
- Shanghai Chemical Industry Association
- Shanghai Coatings and Dyes Industry Association
- Jiangsu Provincial Valve Industry Association
- Zhejiang Provincial Pump and Valve Industry Association
- Wenzhou Longwan District Valve Industry Association

Organizing Institution

– Guangzhou Zhenwei International Exhibition Co., Ltd.

In the Western Development Strategy, Sichuan, as the nation's "only strategic hinterland," shoulders the mission of industrial transfer and upgrading. Sichuan's GDP reached 4.6979 trillion yuan, with a resident population of 83.64 million and an area of 486,000 square kilometers, all three indicators ranking 5th in the country. Energy and chemical industry is one of its six advantageous industries, with added value increasing by 8.1% in 2024. Supporting transformation through 25 new development tracks, with a focus on developing a green full-chain, Chengdu, Deyang, and other regions are participating. Policy and financial support, coupled with equipment replacement policies, bring equipment replacement opportunities to participating companies.

Leading companies showcased their new products kicking off a grand event for chemical technology and equipment in western China.

As a key event for chemical technology and equipment in western China, the 2026 Chengdu International Chemical Technology & Equipment Fair will be held at the New International Convention and Exhibition Center of Chengdu Century City from September 21 to 23, 2026. The expo will gather renowned exhibitors including Techfluid, SMC, Sulzer, Thermo Fisher Scientific, Xueren Co., Ltd., Sichuan Instrument Co., Ltd., Metafort Environmental Protection, Sichuan Lianli, Mageni China, Southwest Research and Design Institute of Chemical Industry, Xingqiu Anti-Corrosion, Chengguang Graphite, Chongqing Jierui, Hopewind Electric, Baker Hughes, Maxi, Western Petroleum, HMD Seals, Neway Valve, LAPAR Valve, Youfumi Valve, Chongqing University of Science and Technology and more. All of them will showcase around 600 products, services and cutting-edge technologies at the exhibition.

Why participate in CTEF Chengdu Exhibition?

- Strategic hinterland location of 6.47 trillion yuan, connecting western chemical industry opportunities
- Over 100 billion yuan in equipment upgrades, seizing the first-mover advantage in the replacement market
- Construction of 8 trillion-yuan-level chemical bases, releasing equipment demand
- 6 trillion-yuan-level industrial sectors, grasping regional development dividends
- Strong support from 10+ industry associations, ensuring professional quality
- Deep connections with 400+ leading enterprises, building a cooperative ecosystem
- Invitation of 20,000+ targeted buyers, an efficient business matching platform
- 20 years of exhibition brand accumulation, leading industry technology trends

30,000+
Square meters

20,000+
Professional visitors

400+
Exhibitors

50+
Speakers

Some Exhibitors

01 / Powder Equipment

11 / Wastewater Treatment Equipment

02 / Separation Equipment

12 / Solid and Waste Gas Treatment

03 / Filtration Equipment

13 / Fans and Compressors

04 / Evaporation and Crystallization

14 / Pumps

05 / Drying Equipment

15 / Valves

06 / Refrigeration Equipment

16 / Pipes and Fittings

07 / Heat Exchange and Transfer

17 / Storage, Transportation, Packaging, and Pressure Vessels

08 / Automation Instrumentation

18 / Safety and Explosion-proof

09 / Microreactors

19 / Engineering Services

10 / Corrosion Prevention and Cleaning Equipment

20 / Materials and Chemicals

A gathering of experts to discuss and exchange ideas the concurrent forums were full of highlights

The exhibition will be held concurrently with the “2026 Chengdu Chemical Technology and Equipment Industry Summit Forum”, which will feature more than 10 thematic seminars, with over 100 industry experts sharing, exchanging cutting-edge technology information, and sparking intellectual discussions.

- ◆ The 15th China Shale Oil and Gas Development Conference
- ◆ Western China Chemical Technology and Equipment Innovation and Exhibition Conference
- ◆ 2026 Chemical Technology and Equipment Innovation Forum
- ◆ 2026 Chemical Technology and Equipment Industry Cooperation and Investment Forum
- ◆ "Carbon" Green Path: Western China Carbon Peak and Carbon Neutrality High-Quality Development Forum
- ◆ 2026 Process Industry Intelligent Manufacturing Summit Forum

Comprehensive and precise invitations to ensure the effectiveness of the exhibition

Over the years, CTEF China International Chemical Technology & Equipment Fair has held roadshows across China. By synergizing with industry associations, leading enterprises and professional industrial media, it has amassed more than 100,000 pieces of high-quality data on professional buyers from home and abroad, and attracted professional visitors from over 20 countries and regions to attend the expo for exchanges and negotiations.

Petrochemicals					
Natural Gas					
New Energy					
Phosphorus Chemical Industry					
Sulfur Chemical					
Vanadium Chemical Industry					
Titanium Chemical Industry					

Organize targeted audiences to facilitate business matchmaking.

80+ professional buyer groups (jointly organized by associations, industry organizations, and companies)

Carefully planned visit and inspection routes (Attracting high-quality visitors with purchasing intentions)

Highly efficient private domain promotion, precise invitations through multiple channels

SMS and Email Outreach
100,000+ core audience members

Visit Invitations (directly delivered to **100,000+** industry users)

Omni-media promotion and massive exposure to attract attention

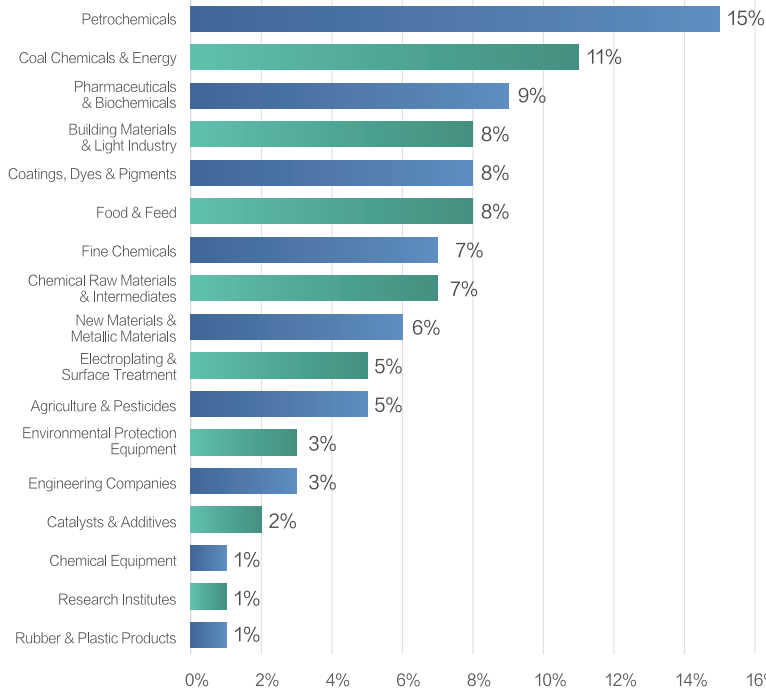

WeChat Official Accounts, Video Accounts, Douyin, WeChat Moments (A comprehensive media matrix for massive exposure)

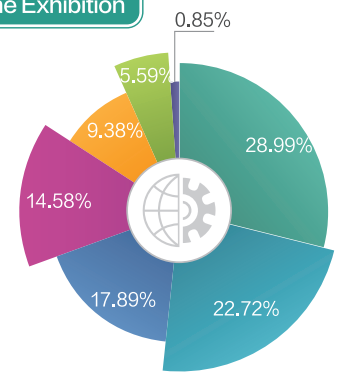

150+ ad placements
100+ domestic and international media partners

Audience Business Area

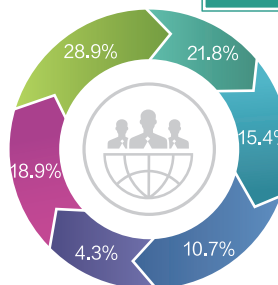

Purpose of Visitors To the Exhibition

Purchase orders	28.99%
Finding suppliers for business opening	22.72%
Meeting with partners	17.89%
Seeking solutions	14.58%
Understanding market conditions	9.38%
Evaluating after-sales service	5.59%
Other	0.85%

Audience Purchasing Decision Power

Audience purchasing decision-making power	18.9%
Management decision-making	28.9%
Technical support	21.8%
Marketing and sales	15.4%
Engineering and maintenance	10.7%
Other	4.3%

Exhibits Range

Energy and Chemical Equipment

Complete sets of petrochemical equipment and facilities, petroleum refining technology and equipment, petrochemical processes and technologies, natural gas extraction equipment, natural gas purification equipment, special equipment for shale gas and coalbed methane extraction, etc.

Chemical Unit Equipment

Chemical production equipment for crushing, stirring, mixing, reaction, mass transfer, separation and filtration, concentration and drying, evaporation and crystallization, heat exchange and heat transfer, refrigeration, conveying, storage, packaging, etc.

Sulfur, Phosphorus, and Coal Chemical Equipment

Sulfur recovery equipment, special equipment for salt and nitrate extraction, complete sets of phosphorus chemical equipment, sulfur-based new materials, phosphorus-based flame retardants, etc.

Pumps, Valves, and Pipelines

Pumps, valves, valve fittings, pipes, pipe fittings, pipe materials, fans, compressors, vacuum equipment, speed reducers, etc.

Automated Instrumentation

Chemical industry-specific instruments, factory automation, electrical automation, industrial robots, intelligent identification/sensing/monitoring systems, automated control systems, information technology software, etc.

Chemical Waste Treatment Technologies and Equipment

Wastewater/sewage treatment, waste gas recovery and treatment, solid waste treatment, environmental monitoring, etc.

Lithium-ion Battery Material Preparation Technology

Cathode material production equipment, anode material processing equipment, separator preparation equipment, electrolyte synthesis equipment, battery material mixing/stirring equipment, powder conveying and storage equipment, etc.

Intelligent Transformation of Chemical Plants

Sensors, transmitters, analyzers, electrical automation equipment, industrial robots, automated control systems, information technology software, Internet of Things, big data, cloud computing, explosion-proof robots, automatic inspection robots, chemical industrial park monitoring data platforms, etc.

Fee Standard

Exhibition Space

Standard Booth(3Mx 3M): 3200USD/9m²

* exhibition period Double-opening booths will incur an additional 20% fee.

Facilities Include: back & insidewalls, carpet, lintel board, one consulting table, two chairs two lights, and one power socket (220V, 5A).

Raw Space (Mini.36m²): USD 320/ m²
