China's chemical equipment industry has broad prospects

2026 will be a year of global energy structure transformation and China's "dual carbon" goals will continue to deepen. It will also be a year of steady progress in the domestic economy and advanced macroeconomic policies. Only companies that continue to focus on technology research and development can cross the capacity cycle and obtain long-term excess returns, especially new chemical technologies, new equipment, and new processes in the upstream of the industrial chain, which have broad market space.

CTEF 2026 Profile

China International Chemical Equipment Fair 2026 will be held at Shanghai New International Expo Center from June.9-11,2026. With an exhibition area of 70,000 sqm,CTEF 2025 will present 1,000+ exhibitors from 20+ countries and regions and 100+ expert speakers.

CTEF has attracted famous enterprises to gather, such as PILLER, HER-METIC-Pumpen, HEINKEL, NETZSCH, Henkel, KSB, TAV Rheinland, SensoTech, Protego, Karcher, HTRI, Corning, Tuthill, Hunt&Mitton, Peak, Halifax Fan, GNR, TRAVAINI, Rocksensor, TOP BLOWER, INEM, Daikin, TEIKOKU, Veolia, SULZER, CRRC China, AECC, Sinochem, Shengu Group, LUXI Group, Shanghai Electric, Snowman Group, SCIMEE, CSSC, etc.

Industry Conference

01

Eighteen years of hard work have made China's largest chemical equipment exhibition a double exhibition, creating a display platform for new chemical equipment and technologies.

Business Matching

02

Mainstream media, industry associations, 80+ chemical parks, the global top 500 chemical purchasing groups, and 100,000+ industry data help companies to efficiently connect with each other in trade.

Global Resource

03

17+ overseas exhibition groups, 1000+ leading chemical equipment industry exhibitors gathered to subdivide chemical equipment, chemical waste treatment, chemical fluid machinery.

Trend Release

04

Combining "exhibition" with "conference" to analyze the industry development prospects 100+ keynote speeches to deepen industry discussions and extend the value of participating in the exhibition.

Digital empowerment

05

One-stop live broadcast, online purchasing docking, and new technology promotion effectively enhance the brand value of exhibitors and draw a new blueprint for online marketing.

First Appearance

06

Held a number of innovative project and new product launch conferences to create a global platform for the debut of advanced technology equipment.

Evaporation and crystallization exhibition area

Heat exchange and heat transfer technology exhibition area

Separation and filtration exhibition area

Powder processing and transportation exhibition area

New materials exhibition area

Micoreactor exhibition area

Intelligent factory and digital solutions exhibition area

⚙️ Professional technology sharing, pulse of industry development trends

The China International Chemical Equipment Innovation and Development Conference was held concurrently with the exhibition. The summit set up more than 10 thematic seminars and invited more than 100 industry leaders from national ministries and commissions, national industry associations, chemical equipment companies, chemical production companies, chemical research institutes, and authoritative industry media to discuss industry hot spots and pain points, understand industry development trends, and achieve effective connection of resources, technology, information, and scientific and technological achievements.

- ◆ China International Chemical Equipment Innovation and Development Conference
- ◆ 2026 Fluid Engineering Intelligent Manufacturing and Chemical Application Seminar
- ◆ The 8th Chemical Wastewater Deep Treatment and Resource Utilization Technology Seminar
- ◆ 2026 Chemical Heat Exchanger High-Efficiency Heat Transfer Technology and Application Forum
- ◆ 2026 Micro-Chemical Technology Research and Equipment Engineering Application Seminar
- ◆ China-Malaysia Investment Opportunities and Overseas Exchange Forum
- ◆ China-Indonesia Chemical Innovation Technology Conference and Awards Ceremony
- ◆ Engineering Company, Chemical New Materials, Indonesia Special Procurement Matchmaking Meeting
- ◆ China-Iran Procurement Group International Exchange Matchmaking Meeting

Exhibits Profile

	Petrochemical Equipment Petrochemical plants and equipment, petroleum refining technology and equipment, petrochemical process and technology, etc.
	Chemical unit Equipment Chemical production equipment for crushing, stirring, mixing, reaction, mass transfer, separation and filtration, concentration and drying, evaporation and crystallization, heat transfer, refrigeration, transportation, storage, packaging, etc.
	Pump, Valve, Pipeline Pumps, valves, valve accessories, pipes, pipe fittings, fans, compressors, vacuum equipment, reducers, etc.
	Chemical Environmental Protection Equipment Technology and equipment for wastewater treatment, waste gas recovery and treatment, solid waste treatment, environmental monitoring, soil remediation, etc.
	Automation and Instrumentation Special instruments and meters for chemical industry, factory automation, electrical automation, industrial robots, intelligent identification, sensing, monitoring systems, automation control systems, information technology software, etc.
	Safety Protection and Emergency Fire Protection Explosion-proof electrical technical equipment, safety monitoring technical equipment, safety protection supplies and equipment, fire protection equipment, industrial anti-corrosion, equipment maintenance, maintenance and management, etc.
	Smart Chemical Industry Park Image exhibition of chemical industry park, integrated management of smart chemical industry park, environmental governance of chemical industry park, internet of things, cloud computing, big data, etc.

Professional Visitors

With over 18 years of development, CTEF 2026 attracted more than 100,000 visitors to the Fair from petrochemical, environmental watertreatment, pesticide and fertilizer, coating and dye, pharmaceutical industry, engineering companies, fine chemicals, research institution, association sand media, helping to promote the effectiveness of CTEF 2026.
