

Zhenwei Heat Exchanger and Heat Transfer Technology Exhibition

CHEF 2026

The 18th Shanghai International Heat Exchanger & Heat transfer Technology Fair

June, 9-11. 2026

Shanghai New International Expo Center

1000+
Exhibitors

70,000m²
Exhibition
Area

100,000+
Professional
Visitors

100+
Seminars

The Annual International Heat Exchanger and Transformation Technology Conference

Organizers:

Zhenwei Exhibition Group

Partners:

Shanghai Chemical Industry Association | Shanghai Coatings and Dyestuff Trade Association
Shanghai Society for Advanced Materials | Jiangsu Pump & Valve Industry Association
Jiangsu Petrochemical Equipment Industry Association | Jiangxi Association of Environmental Protection Industry
Shandong Society for Environmental Sciences | Shandong Household Chemicals Industry Association
Fujian Petrochemical Equipment Industry Association | Nanjing Energy Saving and Environmental Protection Industry Association
Wenzhou Pipe Fittings Industry Association | Wenzhou Wanzhou Chamber of Commerce
Jingjiang Pump and Valve Industry Chamber of Commerce | Huizhou Petroleum and Chemical Industry Association
Jiaxing Port Area Petrochemical Association

Host

Guangzhou Zhenwei International Exhibition Co.Ltd

 www.cnctef.com

China's heat exchanger and heat transfer technology industry has a bright future

The rapid advancement of the "Belt and Road" strategy has provided a broad market space for Chinese equipment manufacturing companies. At the same time, it has also promoted the overall development of the equipment manufacturing industry. Many Chinese provinces have successively introduced a series of favorable policies. China has a strong demand for high-end heat exchanger products, but the market supply is insufficient. The diversified demand trend has put forward higher requirements for product quality levels. How to take into account both domestic and foreign markets and provide users with competitive products has become a focus of general concern and development for Chinese heat exchanger and equipment manufacturing companies.

⚙️ Six highlights to create the International Heat Exchanger and Heat Transfer Technology Conference

From June 9 to 11, 2025, the 18th Shanghai International Heat Exchanger and Heat Transfer Technology Fair will be held at the Shanghai New International Expo Center. The 2026 China International Chemical Equipment Fair will be held at the same time. The organizer will make every effort to create the International Heat Exchanger and Heat Transfer Technology Conference. Shanghai Electric, Kelvion, China Shipbuilding, Longhua Group, Yantai Henghui, Nanjing Plant, Shanghai Banhuan, Dewei Turbine, Jieti Chemical, Wuxi Kaisheng, Guangdong Jema, Gaojie Light Industry, Kang Jinghui, Wuxi Zhongfan, Zhengzhou Boda... Many well-known companies in the heat exchange equipment industry gathered to show the latest advanced technologies and equipment at domestic and foreign, which can meet the one-stop procurement needs of chemical production companies.

- 01 Industry Conference** Eighteen years of hard work have made China's largest chemical equipment exhibition a double exhibition, creating a display platform for new chemical equipment and technologies.
- 02 Trade matching** Mainstream chemical media, industry associations, 80+ chemical parks, the top 500 global chemical purchasing groups, and 100,000+ chemical industry data help companies to efficiently match trade.
- 03 Global Resource** 17+ overseas exhibition groups, 1000+ chemical industry leaders gathered at the exhibition to subdivide heat exchange equipment, related accessories, production and processing equipment.
- 04 Trend Release** Combining "exhibition" and "conference" to analyze the industry development prospects 100+ keynote speeches to deepen industry discussions and extend the value of participating in the exhibition.
- 05 Digital empowerment** One-stop live broadcast, online purchasing docking, and new technology promotion effectively enhance the brand value of exhibitors and draw a new blueprint for online marketing.
- 06 Official Strength** National Chemical Equipment Association, Society, Chamber of Commerce and China's largest private exhibition company jointly authoritatively created.

Professional technology sharing to understand the industry development trend

The 2026 China International Chemical Equipment Innovation and Development Conference will be held concurrently with the exhibition. The summit will set up more than 10 thematic seminars and invite more than 100 industry leaders from national ministries and commissions, national industry associations, chemical equipment companies, chemical production companies, chemical research institutes, and authoritative industry media to discuss industry hot spots and pain points, understand industry development trends, and achieve effective connection of resources, technology, information, and scientific and technological achievements.

- ◆ China International Chemical Equipment Innovation and Development Conference
- ◆ 2026 Fluid Engineering Intelligent Manufacturing and Chemical Application Seminar
- ◆ The 8th Chemical Wastewater Deep Treatment and Resource Utilization Technology Seminar
- ◆ 2026 Chemical Heat Exchanger High-Efficiency Heat Transfer Technology and Application Forum
- ◆ 2026 Micro-Chemical Technology Research and Equipment Engineering Application Seminar
- ◆ China-Malaysia Investment Opportunities and Overseas Exchange Forum
- ◆ China-Indonesia Chemical Innovation Technology Conference and Awards Ceremony
- ◆ Engineering Company, Chemical New Materials, Indonesia Special Procurement Matchmaking Meeting
- ◆ China-Iran Procurement Group International Exchange Matchmaking Meeting

CHEF expert think tank promotes high-quality development of the industry

Koubao He
Secretary General of Shanghai
New Materials Association

Fei Weiyang
Academician of the Chinese Academy of
Sciences, Professor of Tsinghua University

Jing Huaqian
Executive Director and Deputy
Secretary General of China
Refrigeration Society

Dong Jian
Professor-level senior engineer, Institute
of Physical and Chemical Engineering,
Chinese Academy of Sciences

Guo Haixin
Professor at Tongji University,
Shanghai

Gongchun Zhang
Vice President of China Chemical
Enterprise Management Association

Han Rongtao
Chairman of the Clean Energy
Application Branch of China
Construction Finance Association

Zhao Yao
Professor of Mechanical and Power
Engineering, Shanghai Jiao Tong University

Zhao Dongli
Researcher at the Institute of
Electrical Engineering, Chinese
Academy of Sciences

Li Wei
Professor of the School of Chemical
Engineering, Hebei University of Technology

Facts and Figures of CHEF

Arab	15%	Others	23%
UK	6%	Russia	11%
Germany	4%	Pakistan	8%
Portugal	2%	Indonesia	9%
Spain	2%	Vietnam	6%
Italy	2%	Turkey	4%
Denmark	2%	Korea	2%
France	2%	Japan	2%

Satisfaction of exhibitors

■ Displaying company product	95%
■ Promoting company brand	92%
■ Meeting customers	81%
■ Expanding market channels	74%
■ Finding partner	72%
■ Getting cutting-edge information	70%

Range of visitors

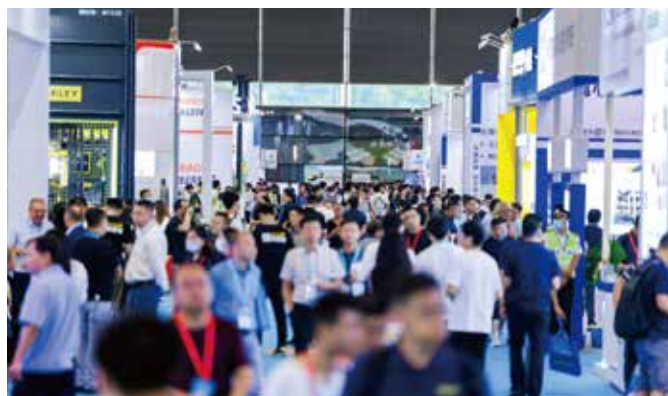

■ Purchase	18.9%
■ Management/Decision	28.9%
■ R&D/Production	21.8%
■ Marketing/Sales	15.4%
■ Engineering/Maintenance	10.7%
■ Other	4.3%

Visitors are from

◆ Petrochemical	28.89%
◆ Fine chemical	18.82%
◆ Pharmaceutical industry	15.10%
◆ Environmental water treatment	13.65%
◆ Pesticide raw materials	12.31%
◆ Engineering company	7.20%
◆ Research institution	4.03%
◆ Other	1.16%

Satisfaction of Visitors

◆ Willing to visit the next expo	90%
◆ Achieving cooperation	85%
◆ Having intention to cooperate	80%

Exhibits Profile

Heat exchange equipment

Plate heat exchangers, shell heat exchangers, flue gas heat exchangers, flue gas deoxidation equipment, fin heat exchangers, powder flow heat exchangers, spiral heat exchangers, bellows heat exchangers, graphite heat exchangers, ceramic heat exchangers, high-efficiency heat exchangers, PFA heat exchangers (fluoroplastic heat exchangers), titanium heat exchangers, Hastelloy heat exchangers, zirconium tube heat exchangers, PTFE polytetrafluoroethylene heat exchangers, heat exchange units, fresh air exchangers, air heat exchangers, volumetric heat exchangers, coil heat exchangers, metal fin radiators, heat exchangers, fluoroplastic lined containers, radiators, warm air heat exchangers, HVAC equipment, water-cooled radiators, heaters, waste heat recovery devices, surface coolers, coolers, condensers, industrial air coolers, condensing units, non-standard heat exchangers, refrigeration equipment, boiler flue gas condensate recovery devices, reboilers, evaporators, water supply equipment, etc.

Related accessories

Stainless steel heat exchange tubes, stainless steel welded tubes, titanium tubes, titanium plates, heat pipes, laser welded heat transfer plates, heat exchange plates, titanium coils, bent tubes, bimetallic aluminum rolled fin tubes, copper tubes, spiral wound fin tubes, copper tube aluminum sleeves, steel tube strings, gaskets, seals, functional surface anti-corrosion, coatings, insulation sleeves, etc.

Production and processing equipment

Heat exchange equipment welding technology and equipment, precision forming presses, punch presses, heat exchanger manufacturing technology and equipment, tube expanders, heat exchanger molds, various cleaning and testing equipment, processing and manufacturing technology, pipe tools, pipe bending machines, pipe end machines, temperature control machinery, burners, industrial kilns, electric furnaces, analysis, testing and monitoring equipment and instruments, etc.

Professional Visitors

With over 18 years of development, CTHF 2026 attracted more than 100,000 visitors to the Fair from petrochemical, environmental watertreatment, pesticide and fertilizer, coating and dye, pharmaceutical industry, engineering companies, fine chemicals, research institution, association sand media, helping to promote the effectiveness of CHEF 2026.

Zhenwei Chemical Exhibition Series

Shanghai	Time: June 9-11, 2026
	Shanghai New International Expo Center 2026 China International Chemical Equipment Fair The 18 th Shanghai International Chemical and Environmental Protection Fair The 18 th Shanghai International Petrochemical Pump Valve Pipeline Fair

Exhibiting Costs

Exhibition Space	Shell Scheme (3m×3m): USD 4300 / 9m ² Facilities Include: back & insidewalls, carpet, lintel board, one consulting table, two chairs, two lights, and one power socket (220V, 5A).
	Raw Space (Mini.36m²) : USD 450 / m ²
Technical Seminar	Technical Seminar/ Product Promotion Session : USD 2100 / Session
